

WHAT IS OIR TEST IN SSB?

▲ Process Overview

SSB 5-Day Interview Process

The Services Selection Board (SSB) evaluation follows a structured five-day procedure designed to assess candidates through screening, psychological evaluation, group tasks, and final reviews.

1

Day 1: Screening

The initial phase involves a screening test to evaluate intelligence, personality, and reasoning capabilities, determining who proceeds

2

Day 2: Psychology

Candidates undergo comprehensive psychological assessments, including thematic perception, word association, and situation reaction

3

Day 3 & 4: GTO

Group Testing Officer (GTO) tasks focus on evaluating leadership, teamwork, and practical problem-solving skills through various outdoor

4

Day 5: Conference

The final stage involves a conference where all assessors evaluate the candidate based on performance over the previous four days to make a

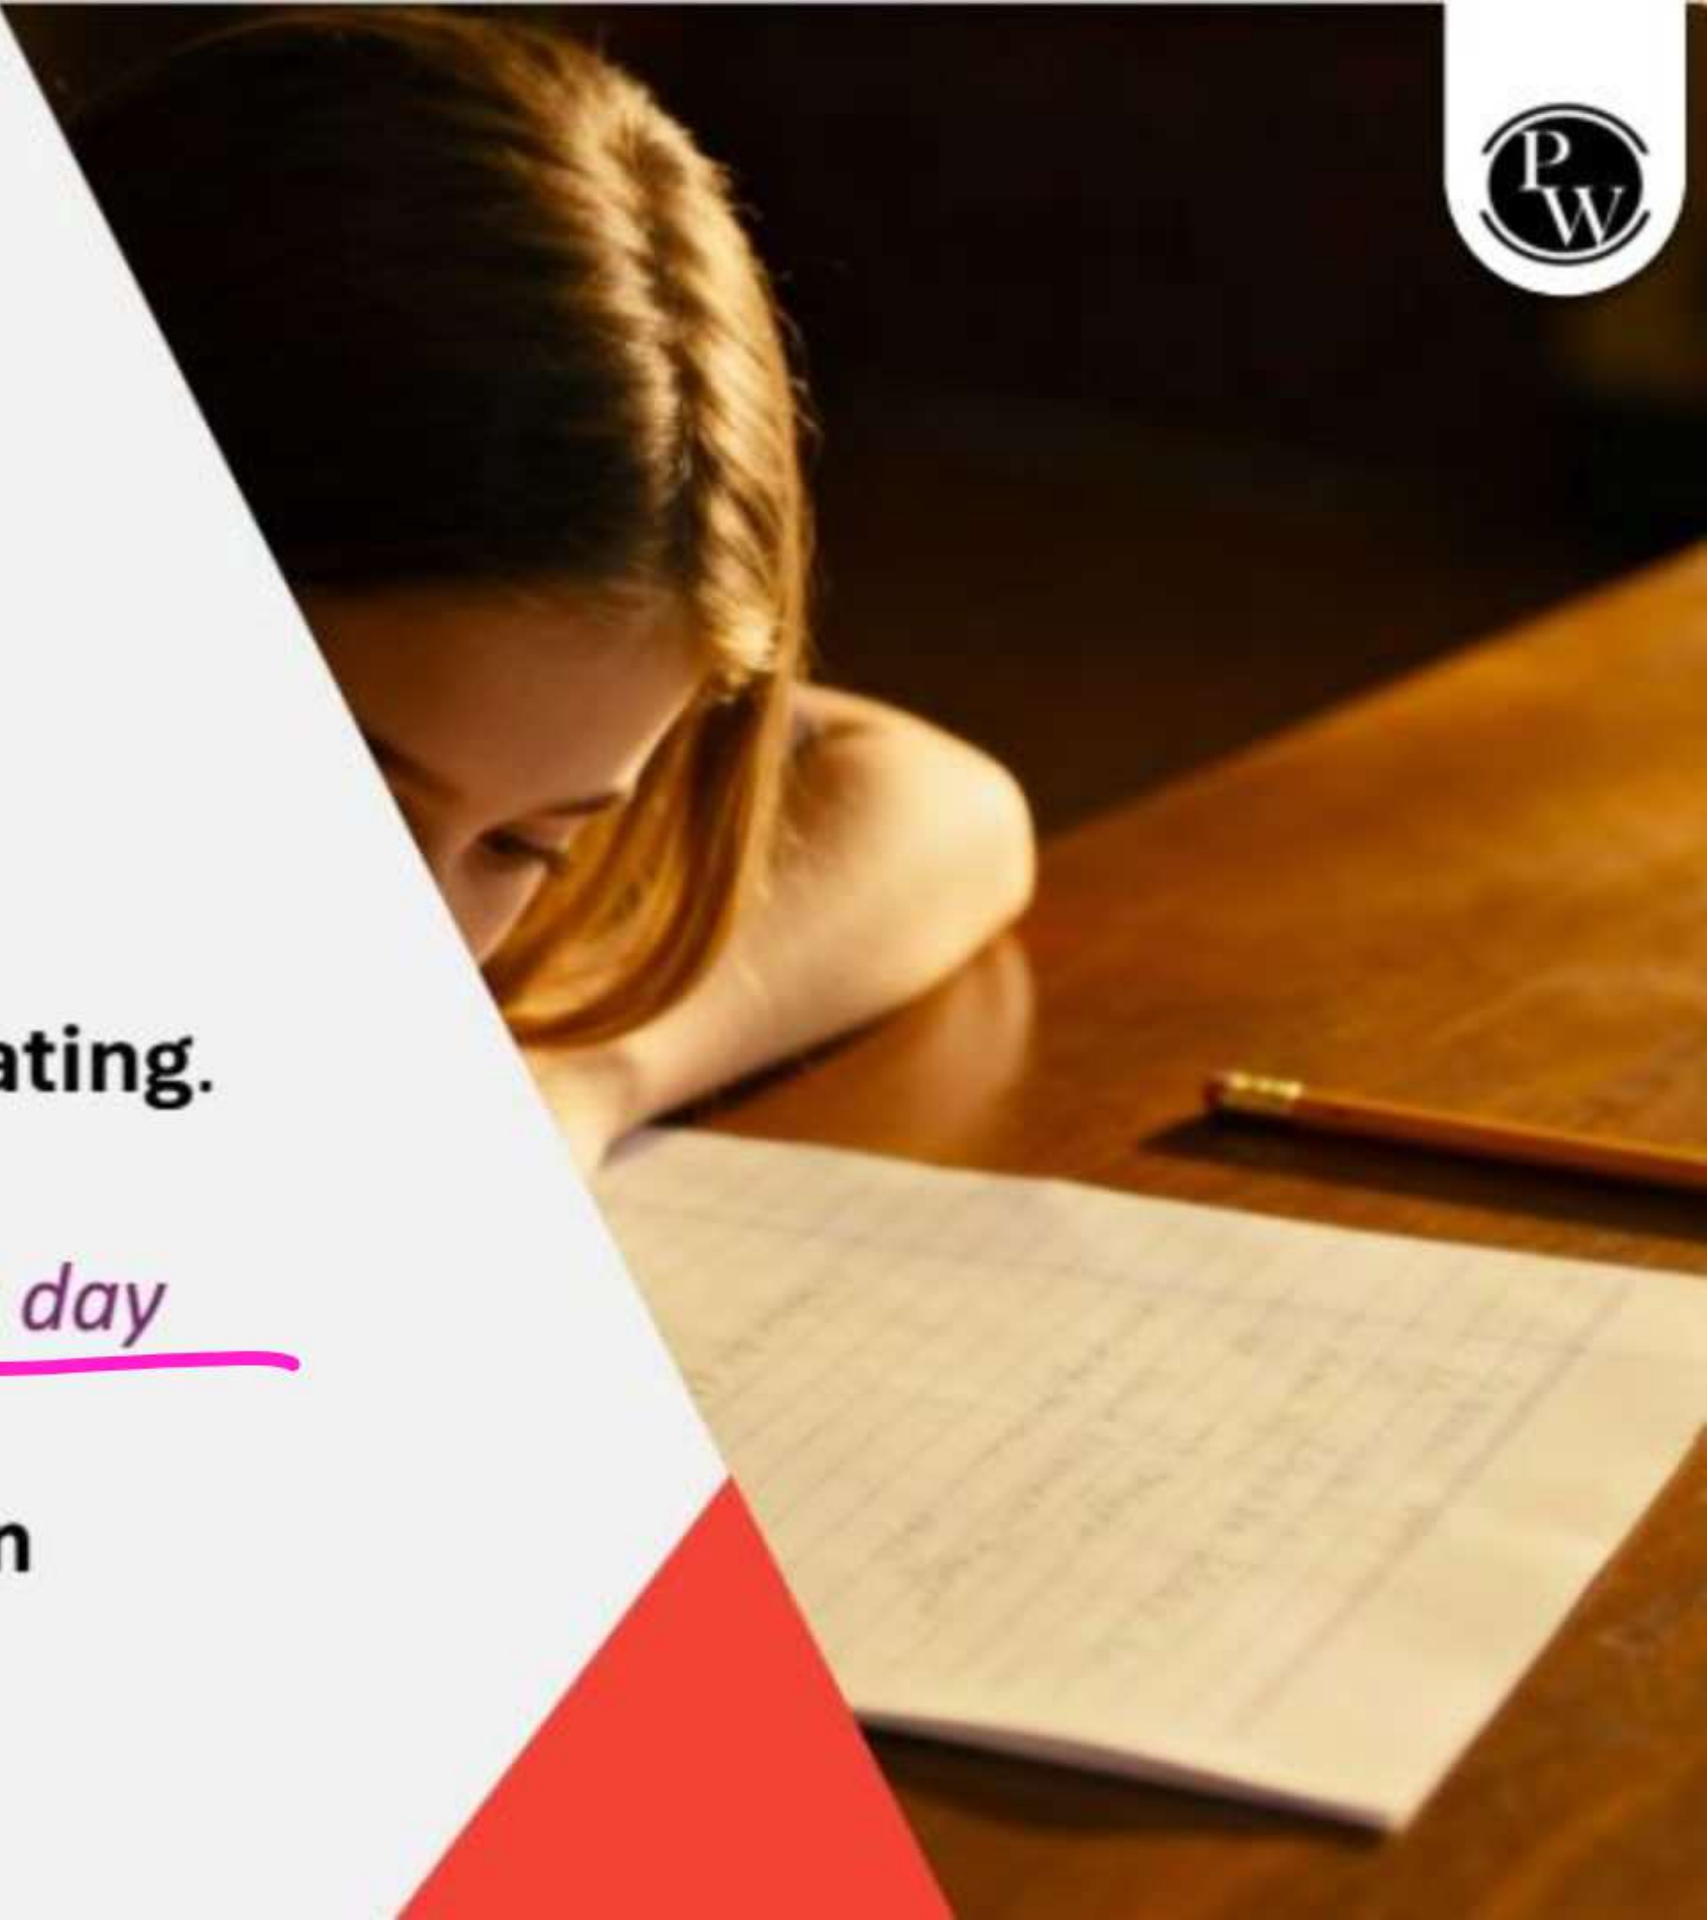

WHAT IS **OIR** TEST?

OFFICER INTELLIGENCE RATING (OIR)

Sachin Modi

Faculty of Reasoning

OIR stands for **Officer Intelligence Rating**. It is a cognitive and logical reasoning assessment conducted on the *very first day* of the *Stage 1 screening process* at the Indian Armed Forces' **Services Selection Board (SSB)**.

Purpose of the OIR Test

Understanding the core function and strategic importance of the Officer Intelligence Rating test for selection.

Weak
Strong

01

Baseline Assessment

It serves as the fundamental criterion for determining whether a candidate is screened in or out.

02

Decision Quality

The test effectively evaluates the speed and accuracy of a candidate's decision-making capabilities.

03

Performance Link

A poor OIR score correlates directly with a significantly higher chance of being screened out early.

04

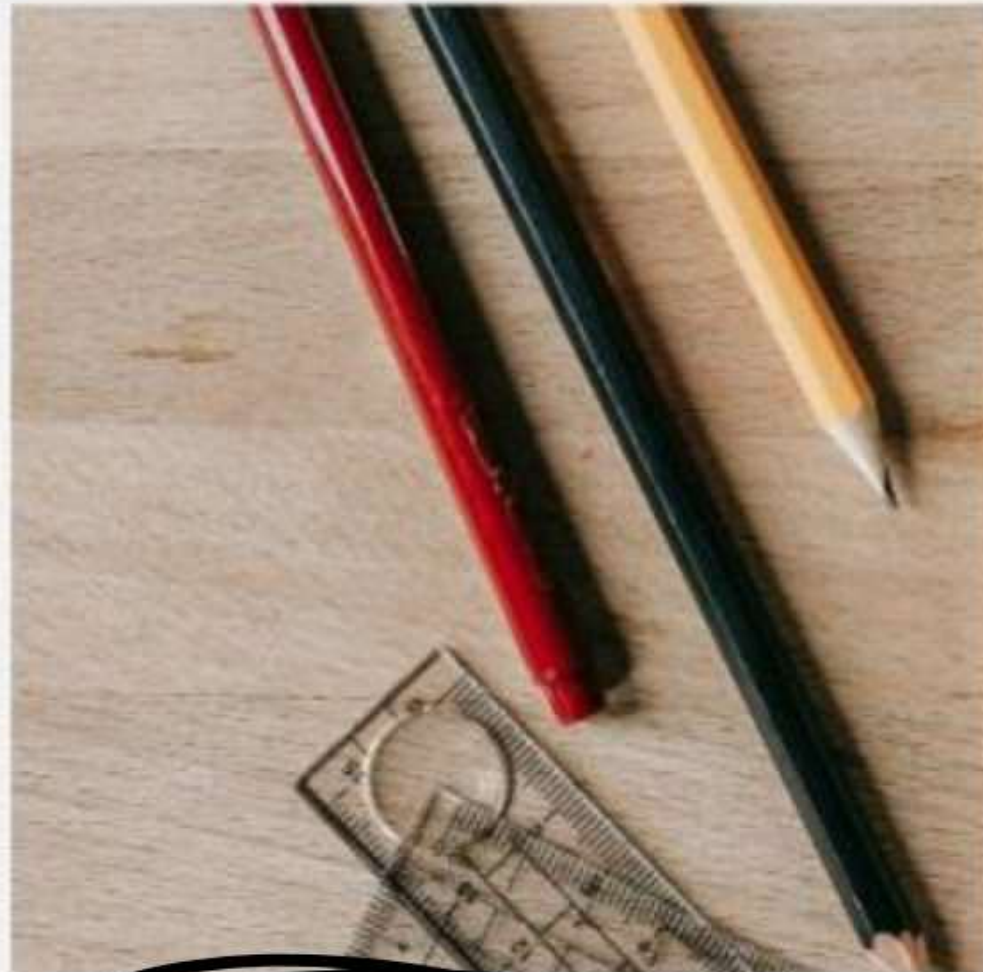

Performance Link

A poor OIR score correlates directly with a significantly higher chance of being screened out early.

Structure and Format of the Officer Intelligence Rating Test

Verbal Reasoning ✓

Non-Verbal Reasoning ✓

Comprehensive Overview of OIR Test Syllabus Topics

Verbal Reasoning Foundations

Covers essential linguistic skills, including Synonyms and Antonyms, Analogies, Coding-Decoding, Sentence Completion, and Logical Reasoning.

Non-Verbal Reasoning Basics

Focuses on visual analysis with Series Completion, Odd One Out, Mirror and Water Images, Embedded Figures, and Cube/Dice problems.

Direction and Relations

Test of analytical and relational thinking, specifically focusing on Direction Sense and complex Blood Relations problem solving.

Pattern Recognition

Tests ability to identify trends, sequences, and structural consistencies within abstract figures and data sets throughout the test.

Figure Classification

Requires grouping visual data based on shared properties, differences, and hidden logical attributes within various provided figure sets.

Analytical Problem Solving

A holistic review of all OIR topics, emphasizing critical thinking, systematic analysis, and quick decision-making under exam conditions.

Cr. I

Cr. II

III:

Excellent Performance

Candidates achieving this top-tier grade demonstrate exceptional cognitive abilities.

Very Good Performance

This ranking reflects a strong grasp of the test material and excellent logical skill.

Good Performance

Applicants in this category possess solid reasoning skills suitable for advancement.

Average Performance

This score indicates foundational competence but may limit selection opportunities.

Below Average

Results in this bracket reflect performance below the required standard for success.

IV:

V

OIR & SCREENING DECISION: HOW EVALUATIONS IMPACT RESULTS

SIN

OIR & PPDT Calculation

The foundational assessment combines Officer Intelligence Rating and PPDT scores to arrive at the final screening outcome for each candidate.

High OIR Impact

Candidates maintaining a strong OIR score secure a distinct strategic advantage during the PPDT phase, enhancing their overall evaluation prospects.

Screening Failure

A weak OIR coupled with an average PPDT performance leads to an automatic screen-out decision, removing the candidate from further consideration.

◀ OIR Strategy Guide

Optimizing OIR Performance: Proven Strategies

Avoid Over-Fixation

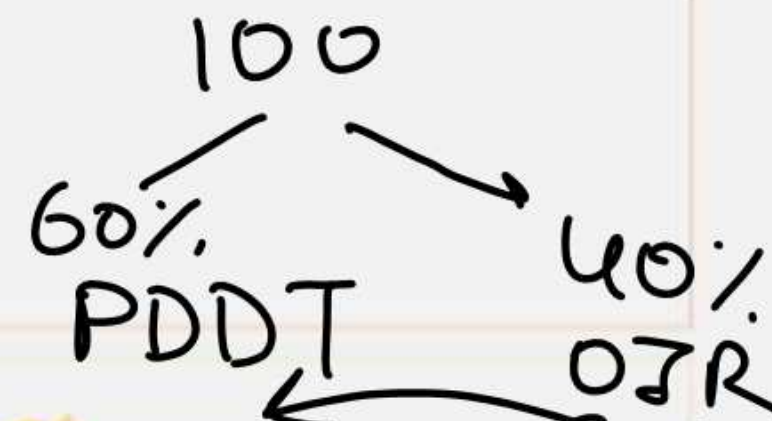

Spending too much time on a single question leads to panic and missed easy points later.

Ego

Strategic Guessing

Stop guessing blindly; apply logical deduction to eliminate wrong options systematically.

Practice Non-Verbal

Ignoring non-verbal reasoning practice hurts scores; balance verbal and non-verbal prep.

as much as you can

Prioritize Accuracy

Focus on daily timed practice and attempt easy questions first to build core momentum.

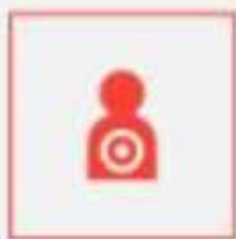

▲ Marking Scheme Clarification

SSB OIR Test: Understanding the Scoring Structure

Zero Negative Marking

The SSB Officer Intelligence Rating Test does not include any negative marking system, ensuring no penalty for incorrect answers.

Maximize Attempts

Since wrong answers do not lead to score deductions, candidates are encouraged to attempt as many questions as possible.

Speed and Accuracy

While there is no penalty, balancing speed and accuracy remains crucial for success throughout the intelligence rating test.

Mastering the OIR Test: Comprehensive Preparation Strategy

Understand Format

Learn question types and mock test constraints to master the exam pattern efficiently.

Strengthen Skills

Build verbal reasoning, vocabulary, grammar, and spatial pattern recognition skills.

Consistency

Maintain a daily routine solving sample papers to build speed and accuracy over time.

Reliable Tools

Utilize verified prep resources to ensure accuracy and relevant practice materials.

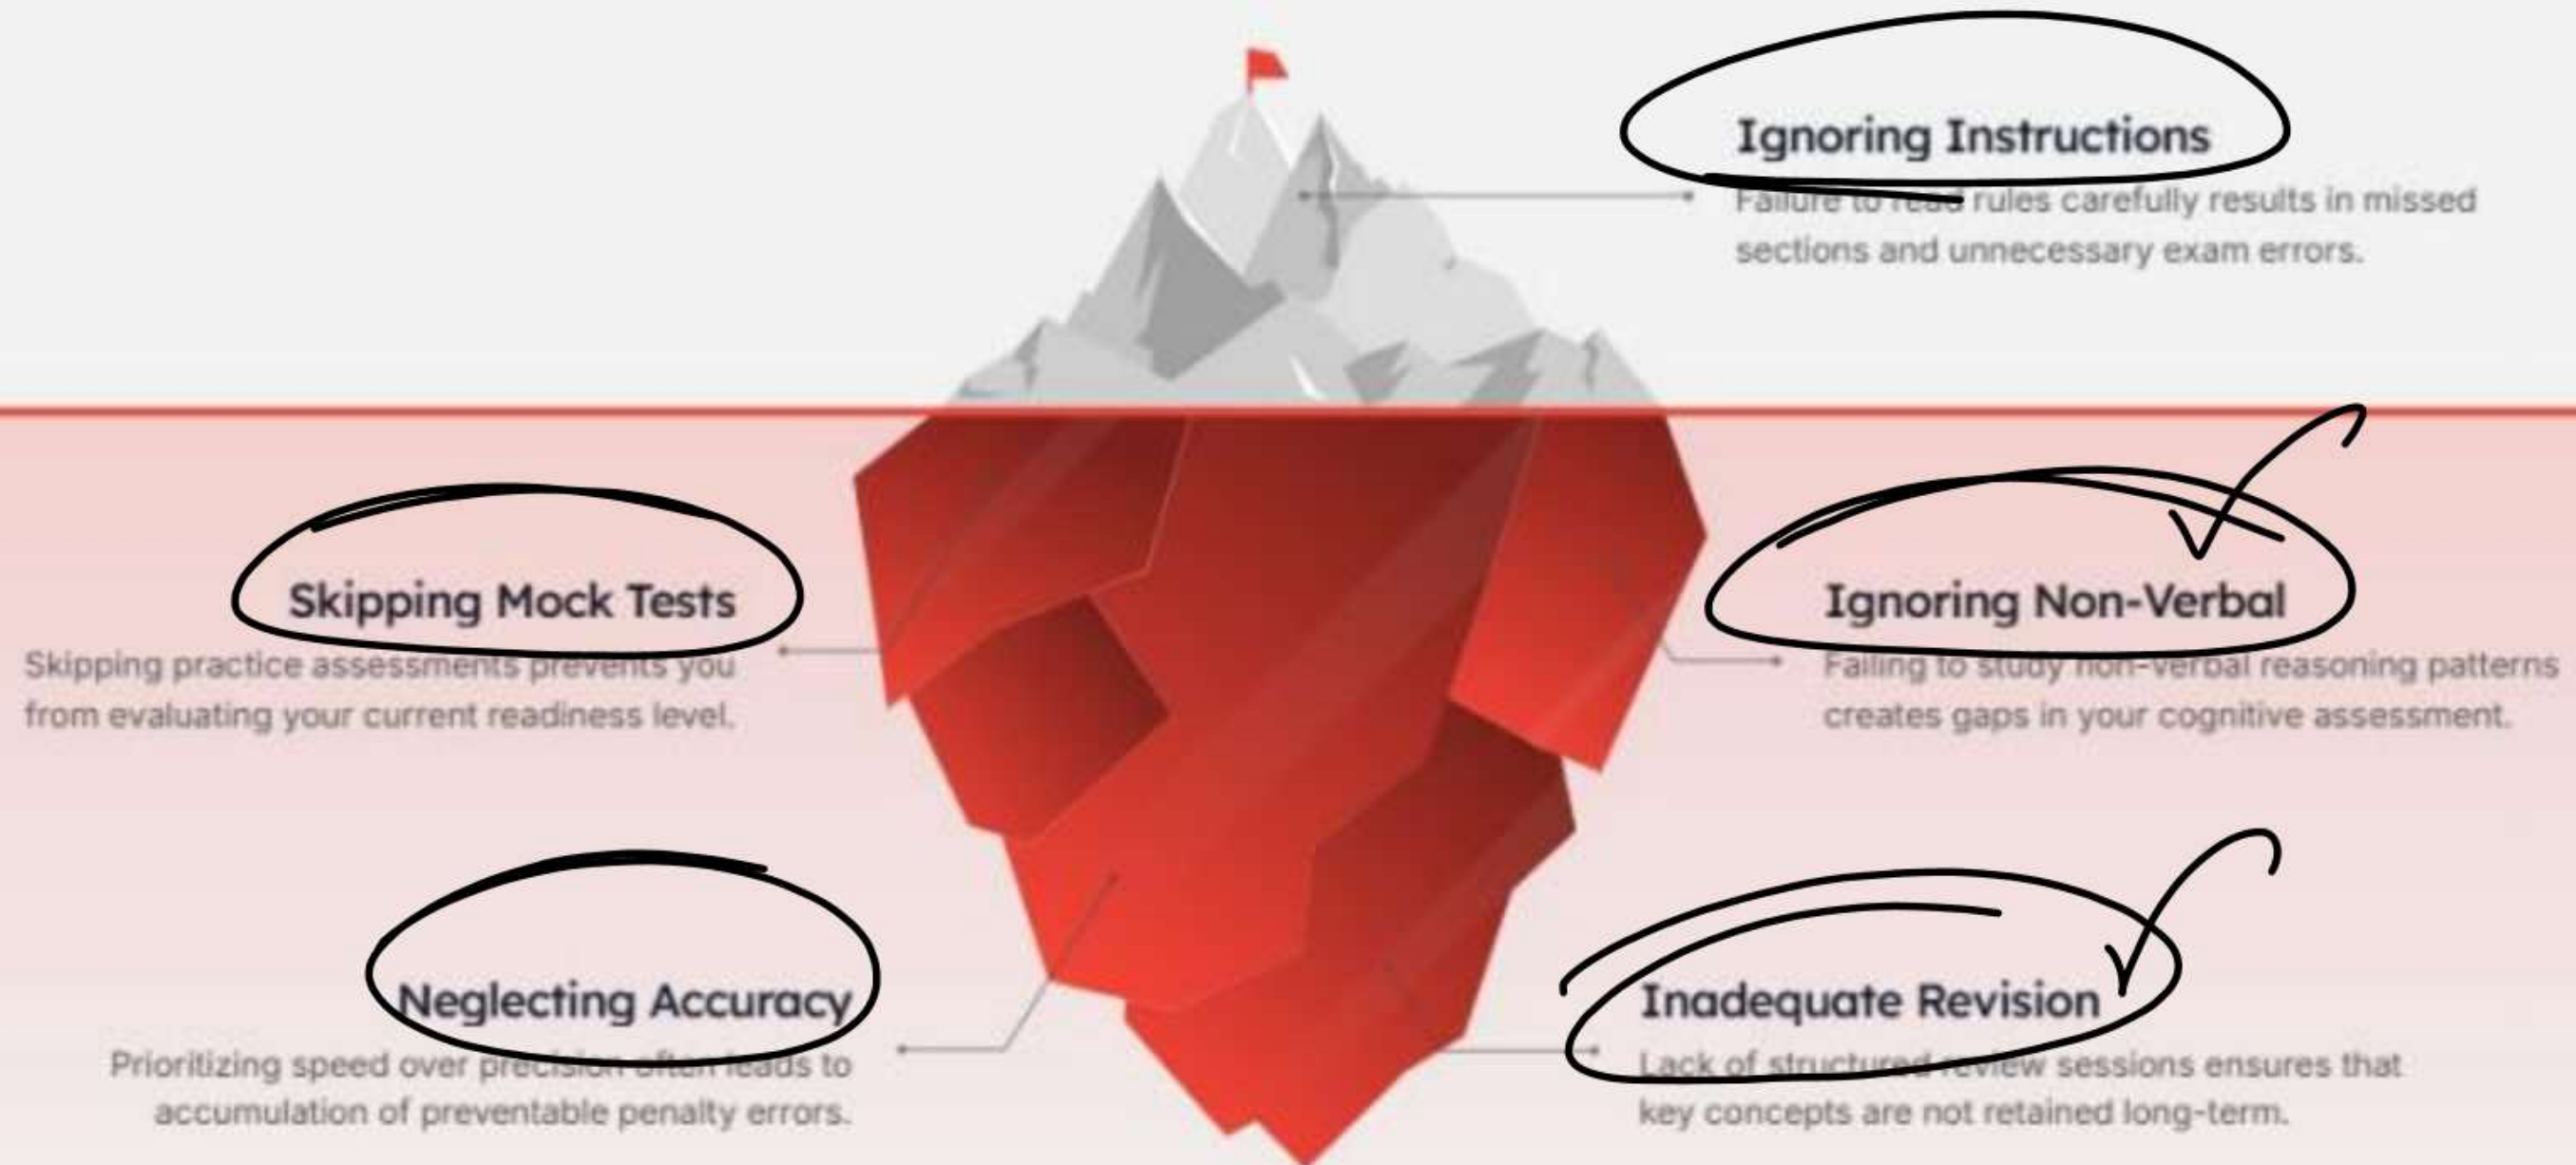

Manage Pacing

Focus strictly on effective time management techniques during your regular practices.

Stay Confident

Maintain composure on test day to avoid overthinking and execute your preparation.
